Application for an amendment to a clearing permit

Environmental Protection Act 1986, section 51M

FORM C4

Clearing of native vegetation is prohibited in Western Australia except where a clearing permit has been granted or an exemption applies. A person who causes or allows unauthorised clearing commits an offence.

For further information on the stages of assessment for clearing permit applications (including amendments to existing permits), refer to the *Procedure: Native vegetation clearing permits* on DWER's website.

Part 1: Assessment bilateral agreement

If the amendment of a clearing permit will or is likely to impact on a matter of national environmental significance identified under the *Environment Protection and Biodiversity Conservation Act 1999* (Cth) (EPBC Act) the original application must have been assessed in accordance with the bilateral assessment, and a variation under the EPBC Act is required prior to submitting this amendment application form.

To be assessed in this manner, the proposed clearing action must be referred to the Commonwealth under the EPBC Act and deemed a 'controlled action' prior to submitting this application form.

Further information is located in *Form Annex C7* and *A guide to native vegetation clearing processes under the Assessment bilateral agreement* available at www.der.wa.gov.au/our-work/clearing-permits.

Do you want your proposed clearing action assessed in accordance with, or under, an EPBC Act Accredited Process such as the assessment bilateral agreement?

☐ Yes EPBC number:

☒ No Proceed to Part 2

List the controlling provisions identified in the notification of the controlled action decision.

☐ *Form Annex C7* is complete and the required supporting information is attached.

Part 2: Clearing permit details

Amendments can only be made to active clearing permits.

Part 4: Proposed amendments	
Additional information to support the assessment of your application to amend may be attached. Please ensure you have included the following as part of your application: • a photocopy of the granted clearing permit, with proposed changes highlighted, *and* • payment of the prescribed fee. When providing details of the proposed change(s), if any additional clearing is proposed, include details of: • the proposed method of the clearing; • the purpose of the clearing; • the period within which the clearing is proposed to be undertaken (taking note of the published minimum assessment timeframes for DWER / DMIRS, as applicable); *and* • the final land use.	Indicate the types of proposed change(s) to your clearing permit by selecting the relevant box(es): ☒ Extend the duration of the clearing permit. ☐ Vary / add / remove a permit condition relating to a matter other than the size or boundary of the area to be cleared. ☐ Amend the size of the area permitted to be cleared, or add / remove a land parcel on the clearing permit. ☐ Redescribe the boundary of the area authorised to be cleared *[for an area permit only]* ☐ Make a correction to the clearing permit. ☐ Other. Provide details of the proposed change(s), and the rationale for it / them. Extend the duration of the clearing permit to 2031 as the mine will continue to be operational for an indeterminate period.
For an application to amend the size of the area permitted to be cleared, or add a land parcel to the clearing permit, you must have the authority of the landowner to access the land and undertake the clearing.	State the nature of the applicant's authority to access the land to be cleared. Evidence of authority can include e.g. a copy of the certificate of title or a letter of authority signed by the landowner or other person with authority to give legal land access permission. *[Attach evidence of authority. Note that a letter of authority must explicitly state the applicant has authority to clear on the land.]* No change in size requested
Provide additional property details if required – if applying to extend the size of the area to be cleared into another land parcel.	Land description: volume and folio number, lot or location number(s), Crown lease or reserve number, pastoral lease number, or mining tenement number of all properties. No change in size requested
You must provide evidence that avoidance and mitigation options have been pursued to eliminate, reduce or otherwise mitigate the need for, and scale of, the proposed clearing of native vegetation.	Have alternatives that would avoid or minimise the need for clearing been considered and applied? ☒ Yes ☐ No If yes, provide details: Permit To Work system – all clearing must be signed off by company environmental representative, surveyor and authorised PTW duty officer.
Refer to DWER's *Clearing of native vegetation offsets procedure* guideline available on the DWER website, and the EPA's *WA Environmental Offsets Policy and Guidelines* on the EPA website for further information.	Do you want to submit a clearing permit offset proposal with your application? ☐ Yes ☒ No If yes, provide details, and complete and attach Appendix A of the *Clearing of native vegetation offsets procedure* guideline.
